Nota para madres y padres :

Bienvenidos al nuevo trimestre.

Continuamos con los cuadernillos de Literacy para facilitar el trabajo en clase y en casa. Las actividades están relacionadas con los cuentos y textos que trabajamos en el aula. Por eso, les rogamos que no vayan adelantando las mismas, sino que sigan las indicaciones que les iremos dando a lo largo de este trimestre. En casa siempre pueden repasar y leer las actividades completadas.

Muchas gracias por su colaboración y buen trimestre.

WINTER

Winter is one of the four seasons of the year. The other three are spring, summer and autumn.

Weather in winter:

In winter it is usually cold. Sometimes it rains and sometimes it snows. It can be foggy or very windy, too. When it snows, you can make a snowman or have a snowball fight with your friends!

Do you know...?

- In the UK, winter is December, January and February. Christmas is in winter.
- But in Australia, winter is June, July and August.

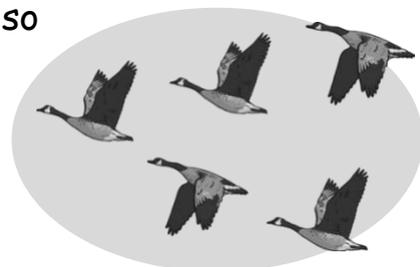

Nature in winter:

Leaves fall from the trees and some animals go to sleep in winter. Some animals that hibernate are:

- hedgehogs
- bears
- frogs
- squirrels

Some birds fly away to warmer countries in the winter. They come back to build their nests in the spring when the weather is not so cold.

Read the text about winter and answer these questions:

1) How many seasons are there in one year?

There _____

2) What is the weather like in winter?

In _____

3) Which animals hibernate?

4) What do some birds do in winter?

Some _____

5) When is winter in Australia?

Winter _____

What about YOU? What do YOU do in winter? Write 3 or 4 sentences.

In winter I _____

Winter begins with the letter W. Write some more words that begin with W

_____. _____.

_____. _____.

Can you make some sentences with your words?

Reindeer

Reindeer live where it is cold and snowy. They have special fur that keeps them warm. During the summer, the fur is thin, so the reindeer is not too hot.

Reindeer have special hooves to help them walk on the ice and snow. They use their hooves to find food under the snow, too.

Male and female reindeer have antlers. Reindeer have their antlers for some months; then they fall off. New ones grow later.

Reindeer move around in large herds from place to place to find food.

True or False?

- 1) Reindeer live in hot places. _____
- 2) They use their hooves to find food. _____
- 3) Only male reindeer have antlers. _____
- 4) They stay in one place all the time. _____

Find these words in the text and underline them.

fur hooves antlers herds

Now use the words to complete these sentences.

- 1) Some types of deer have _____ on their heads.
- 2) _____ helps to keep animals warm in cold places.
- 3) Some animals stay in _____ to defend from predators.
- 4) A reindeer's feet are called _____.

Read the following non-fiction text about wolves.

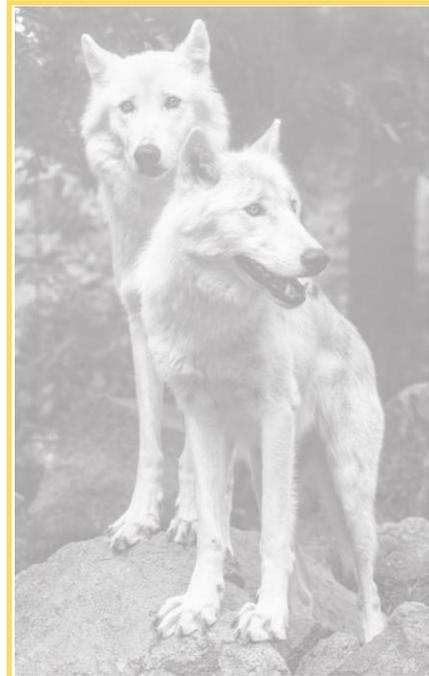

Wolves

A wolf is a type of wild dog which lives in groups, called packs. In the pack there can be from two to twenty wolves.

A baby wolf is called a cub. Each mother can have four to six cubs. They live for six to eight years in the wild but can live about sixteen years in zoos.

Wolves hunt for birds, fish, moose, deer and other mammals. They are carnivores, which means their main food is meat.

They live in North America, Europe and Russia.

Now answer the following questions.

- 1) What do we call a baby wolf?
- 2) How many wolves can live in a pack?.....

Growing Carrots

Do you like carrots?

Do you know how carrots grow?

Carrots are vegetables that grow in the ground. They can grow in a garden or in pots. They are usually orange but they can be yellow, white or purple too. We plant the seeds in the spring because carrots grow best when it is warm. They take about three or four months before they are ready to eat. So we can pick them in the summer.

The root of the carrot is the part that we eat. It grows under the ground. Carrots have green leaves that grow above the ground but we don't eat the leaves.

We can eat carrots raw, in a salad or cooked. We can use carrots to make soup or juice, too. Carrots have fibre and vitamins, so they are very good for us.

What is your favourite way to eat carrots?

True or False ?

- 1) Carrots grow on trees.
- 2) They are always orange.
- 3) We eat the root of the carrot.
- 4) We eat the leaves of the carrot.
- 5) Carrots have vitamins.

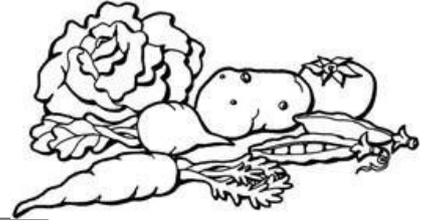

Missing words.

- 1) We can _____ carrots to make soup.
- 2) Carrots grow _____ the ground.
- 3) They grow best _____ it is warm.
- 4) Carrots are very _____ for us.
- 5) The root of the carrot is the _____ that we eat.
