## THE ENGLISH CAMP

After Semana Santa most students from 5<sup>th</sup> grade had a good experience at the English camp. Only four boys stayed in Valladolid and came to school. They came to the library to look at books, some kids borrowed some of them. They participated in an escape room and played board games.

On Tuesday 7<sup>th</sup> April the bus to Garaña de Pría left Valladolid at 8. We sang in the bus because the journey took four hours! When we arrived, the monitors organized us in four groups and we played games before lunch. In the afternoon groups 1 and 2 went to the Bufones, these are holes in the cliffs where the waves make noise and water can come out. They got into the water in a beach near the Bufones. The weather was cloudy with sunny spells.

At the adventure park in Arriondas

On Wednesday the weather was sunny. In the morning we all went to an adventure park with ziplines in Arriondas. It was fun! The teachers went too and María Jesús hit her head at the end of one zipline. In the afternoon the groups that didn't visit the Bufones on the previous day went there and to the beach nearby.

On Thursday we walked one hour to a bigger beach: Cuevas del mar. The weather was sunny while we were at the beach but cloudy on the way to it. In the evening, we had a party dance, it was a lot of fun! Then we had to pack because on Friday we went back to Valladolid.

The English camp was a fantastic experience and the food was yummy!
